

here in the Nebraska Legislature. When they sit down to discuss this amendment to the Constitution of the United States, we'll have instructed them by putting this into our state resolution and by having this discussion here today how the majority of you feel about that type of a proposal. So I hope you won't just disregard this out of hand or be tired of us discussing it and want to get to, you know, get this thing done because you are busy and you want to get to a lot of these bills because I do too. I didn't bring the proposal for The Conference of States to this Legislature, and I hope that you will take the time to seriously instruct our delegates with this amendment to say that we don't want to approve of this amendment. I'd appreciate your vote on this. Thank you.
